

Canadian Mineral Processors

**Annual Meeting
BC and Yukon Branch
Reception – Moose's Down Under Thursday December 1, 2011
Meeting – Sutton Place Hotel Friday December 2, 2011**

September 14, 2011

Re: B.C./Yukon Canadian Mineral Processors Annual Meeting

Dear Colleague,

The 2011 meeting of the B.C./Yukon Branch of the Canadian Mineral Processors will be held on Friday December 2, 2011 at the Sutton Place Hotel, 845 Burrard Street, Vancouver. Registration will open at 7:30AM with the meeting starting at 8:30AM.

There will be a reception held on Thursday December 1, 2011 from 5:30PM - 12:00AM at Moose's Down Under, 830 W. Pender Street. As always, the reception is open to the general public and those that cannot attend the meeting are encouraged to stop by to see old friends.

I am pleased to announce that this year's meeting will include a lecture on the application of NI 43-101 for metallurgists by Tony Lipiec, the Manager of Process Engineering for AMEC in Vancouver. Tony will be presenting "**Best Practice Guidelines for Process – Progress in Process for NI 43-101**".

The cost for this year's event will be \$125. The student rate will be \$40. If you are interested in paying by credit card please register at: <http://www.cimvancouver.org/reserve.php?event=47>. The online registration will be open until Monday November 28 at 12PM. Please note that only cash or cheque will be accepted at the door.

For those attending from outside the Vancouver area, a block of rooms has been reserved at the Sutton Place Hotel in Vancouver for the evening of Thursday, December 1. Please contact the Sutton Place Hotel in Vancouver directly and request the Canadian Mineral Processors rate to make the reservations. The phone numbers for the Sutton Place Hotel are: (604)-682-5511 and 1-866-378-8866.

If you are interested in presenting a paper this year, please contact any of the executive below with your abstract for the presentation. The format of the presentations is a PowerPoint presentation approximately 20 minutes long – no written paper is needed. The selection process will give preference to papers with content relevant to mill metallurgists and especially to content related to developments in the BC/Yukon region. Please forward your abstract to Scott Martin (scott.martin@delkorglobal.com) by Saturday October 15, 2011.

If you need further information about the meeting, please feel free to contact Andrew Gillis, Scott Martin or myself via the contact information provided below. I look forward to seeing you at the meeting.

Best Regards,

Tad Crowie, Chairman B.C./Yukon Branch
