**Canadian Mineral Processors
Toronto Branch Regional Meeting
Thursday, September 10, 2009
Oakham House, Ryerson University Campus
63 Gould St.
Toronto, ON**

Dear Colleague:

This is your invitation for the 2009 Annual Meeting of the Canadian Mineral Processors Toronto Branch which will be held on **Thursday, September 10th** at Oakham House, on the Ryerson Campus in Toronto at the corner of Gould and Church Streets, in the afternoon.

Attached please find the program schedule and registration information. We have a good technical program with six papers and a guest speaker following dinner as the attached agenda shows.

A registration form is attached for you to pre-register. Pre registration will help us get the right number of meals for the dinner.

We would like to have the same record number of attendees as last year, but with the number of changes taking place in the industry we may not have the latest contact information. To help us out, could you please forward this invitation to any interested colleagues, or send us their e-mails so that we can get them on the next round.

If your company is interested in being a sponsor for this event, please contact Rob Henderson at rob.henderson@kinross.com or by phone (416) 365-5601.

Hope to see you There. The CMP is the cornerstone of our part of the mining industry and this meeting is a good place to meet the other people in the industry and to renew contacts after the summer break.

Please feel free to contact me at any time with questions or comments.
